BASKET DINNER AT NOON

Dr. Trickett of St. Joseph to Speak—To Burn the Notes of the Church Debt, Which Has Been Paid.

The congregation of the First Baptist church is to hold its annual Home Coming Day next Sunday and one of the most interesting parts of the service is to be the burning of the notes of the church debt which has recently been paid in full.

Every member of the church and many visitors will be there to join in the service which will begin with the regular Sunday school followed by the preaching service. The date marks the close of a year's pastorate for the Rev. Lewis M. Hale and in his sermon will outline the coming year's work.

A basket dinner will be served at noon and beginning at 1:30 the afternoon program will open with roll call and reports of the past year's work and finances. Then will open the laymen's meeting when short talks on vital topics will be given by Senator Anderson Craig, W. M. Westbrook, Mrs. Eugene Ogden and Mrs. J. F. Owen. The meeting will close with the ceremonial of disposing of the old church debt.

Miss Ferne Suckow is a new employe in the office of the Alderman-Yehle dry goods store, beginning work this morning.

WATER SERVICE

WILL BE HAD FOR ALL DAY, COMMENCING WEDNESDAY.

THE SANDPOINT SYSTEM

Will Furnish Sufficient Supply for Maryville in the Opinion of Mr. Hockerinsmith.

The board of public works announces this afternoon that all-day service of water will be had, commencing Wednesday. A gain has been made in the reservoir, and then with the sandpoint system, the water supply, it is thought, will be sufficient.

Maryville will have all day water service again Wednesday. Such is the opinion of D. Hockerinsmith of Stanberry, the water man for the Wabash, who is in the city today driving the sandpoints. Mr. Hockerinsmith said that there was plenty of water at the place where the sandpoint system would be and he is very confident that there is sufficient for Maryville.

Mr. Hockerinsmith with City Engineer Flynt is driving two of the sandpoints this afternoon. The pipe for these two are already laid. More sandpoints will be driven tomorrow and probably by Wednesday, water will be pumped into the reservoir.

The rain of Monday morning which amounted to an inch and a quarter hasn't helped the river any, says Superintendent L. A. Denny. The rain extended as far north as Creston and up to noon today no rise had been noticed in the river. However, Mr. Denny is of the opinion that it will help as several of the creeks and ditches were bank full this morning.

The rain was pretty general over the county. With last night's rain the total waterfall for August was 2.19 inches.

St. Joseph Guests Here.

Mr. and Mrs. John Koch and daughter, Katherine, of St. Joseph, arrived in the city Saturday to visit at the home of Mr. and Mrs. Sam Townsend. Mr. Koch returned to St. Joseph this morning and his family will spend the week attending the fair.

HOME-COMING DAY.

At the Buchanan Street Methodist Church Sunday—The Yearly Report of the Church.

Sunday was a most enjoyable day for the members of the Buchanan Street M. E. church, as special services were held, being the last Sunday of this conference year. Dr. Paul H. Linn, president of Central college of Fayette, Mo., and a former pastor of the church here, occupied the pulpit during the morning hour and talked on the significance and the place of the church and denominational school. A subscription for Central college was taken, the church here being assessed $650, and at the service yesterday morning about $750 was raised. An eastern millionaire has subscribed a large amount of money to the school, provided the school raises approximately three times that amount. Mr. Linn is engaged in the work of raising this money.

After the morning service a basket dinner was served on the lawn of Henry Thorp's residence, at which about 100 people were present. After the dinner the report of the church work was made by the pastor, Rev. J. D. Randolph. He reported that in the last year there had been fifty-three additions to the church, and that he had made an average of two pastoral calls each day. During the two years that Rev. Randolph has been pastor of the church there have been eighty additions. In the afternoon Dr. Linn preached again.

THE PARNELL RACES.

A Good Crowd Witnessed the Events Saturday and Some Good Races Were Staged.

On account of the rain last Thursday night and Friday morning, the Parnell races were not held Friday, and on Saturday the two days' programs were combined into one. A splendid crowd witnessed a very excellent program of races. The farmer races, the pony and mule races and the running horses to buggies proved to be very exciting and unique.

The results of the principal races are as follows, with the exception of the farmer, pony and mule races, as we did not get the correct names or results of same:

In the ⅝-mile dash, Parnell inaugural purse of $150, Miss Sly, owned by Dr. J. W. Coakley of Creston, Ia., won from Mantauk, the good little bay horse from Tulsa, Okla. Lily White was third. The time was 1.03.

The second race, ⅜-mile dash for 2-year-olds, B. A. Jones was first, Atoka second and Bell T. third. Time 38 1-5.

The third race, ⅝-mile dash for purse of $125, was won by Deerfoot, owned by Mrs. R. M. Hollenbeck of Kansas City, Lasey Dear was second and Fay C. third. Time 1.04.

The fourth race of a half mile dash, Tonight was first, Lover's Lane second and Edith K. third. Time 51.

The fifth race was the Parnell booster business men's derby, distance 1 mile, and the entire purse was contributed by the live merchants of that town. Waldo, the favorite in the race, became lame in his last workout preparatory to the derby, but three high class fast ones faced Starter Stevens in this event and it was a pretty contest. Black Domino went to the front immediately from the start, closely followed by Oldsmobile and Ballencer, and retained the lead for 5½ furlongs, when Oldsmobile took the lead and Ballencer moved up. It was anybody's race, and Oldsmobile finally won, Ballencer second and Black Domino third.

There were four other contests, farmer, pony, buggy and mule races. The Bedford band furnished the music.

Many of the horses in the races at Parnell will take part in the race meet in this city this week.

DEATH OF JAMES SHRUBSHELL.

Was an English Soldier, Receiving Four Medals From the Government for Brave Deeds.

James Shrubshell, aged 80, an English soldier and the honored wearer of four medals for brave deeds given him by the British government, died last night at 7 o'clock at his home, 1022 East Fourth street.

The funeral services will be held tomorrow morning at 10 o'clock at the home, conducted by the Rev. Robert L. Finch, pastor of the First Christian church.

Mr. Shrubshell is survived by a wife and four children, who are Mrs. Lula Warden, Mrs. Maude Butler, Walter and Florence Shrubshell, all living in Maryville.

Mr. Shrubshell was born in Dover, England, where his father kept a nursery and greenhouse. He lived at home until he was 15, and then took up a seafaring life. From that time his life was full of adventure. He allied himself with the British navy, saw service at Singapore, Hong Kong, through the Crimean war, and participated in the battle when Canton was captured by the British.

Mr. Shrubshell had an honor of which few can boast, by being four times rewarded by his government for brave deeds. He was given four medals. One is that of the Legion of Honor, for his services at the battle of Inkerman, one for brave service in the Baltic cruise, one for service at Canton, and the fourth by the humane society of England for his heroic rescue of a boy in the Frith of Forth.

After he came to America, Mr. Shrubshell took up market gardening and followed that work as long as he was able. The family came to Maryville about fifteen years ago.

SUES TO CANCEL DEED OF TRUST.

Mrs. Mary Livasy Brings Action Against Joseph Jackson, Jr., and S. G. Gillam.

By a suit filed late Saturday afternoon by Mrs. Mary Livasy of Pickering against Joseph Jackson, Jr., and S. G. Gillam, Mrs. Livasy sues to have a note and a deed of trust cancelled, claiming they were secured by misrepresentation.

The petition states that some time before September, 1913, the plaintiff's son, Ross Livasy, forged the name of George Sweeny to a number of checks on the First National bank of this city, and that when the forgery was discovered and her son was arrested, defendant Joseph Jackson, Jr., represented to plaintiff that her son would be sent to the penitentiary for a long term of years unless she could repay to the bank the amount of the money which her son had obtained on the forged checks. The petition claims that the plaintiff gave her note for $1,250, payable to Joseph Jackson, Jr., and it was secured by a deed of trust for sixty-two acres of land near Pickering and that defendant S. G. Gillam is trustee in said deed of trust.

The plaintiff also alleges that her son pleaded guilty and was sentenced to the penitentiary for five years, and that the criminal judge of the Buchanan county circuit court refused to parole him, and the prosecuting attorney refused to recommend one, and he is now in the state penitentiary at Jefferson City.

The case will come up at the September term of court.

Thompson & Griswold of St. Joseph are the attorneys for Mrs. Livasy.

The State Normal School Announces the Opening of its Fall Quarter for

Tuesday, September 15th, 1914

To Patrons of the Training School:—

The Faculty of the Department of Education and Training which has charge of the Training School is fully organized for the coming year. Mr. M. G. Neale will have general charge as Director. Miss Mildred Miller, a graduate of Teachers College, New York, has been secured as Supervisor of Kindergarten—Primary grades. All supervisors of 1913-1914 have been retained and plans are being made to expand the work and make it more efficient. A well equipped modern play ground will be provided as well as additional opportunities for gymnasium work. The library will be improved and definite work in library reading will be a part of the course in grade work in English.

The Student-Teachers are to be organized into a training school faculty with the same problems to be met and disposed of as in any up-to-date public school.

Because of these increased facilities and because of the greater emphasis every year upon education for the special needs of the child, opportunity will be afforded for ungraded classes in which children may go very rapidly or very slowly. Many children are able to do more work than the regular assignments and for these children the usual course of eight full years is a serious waste of time.

There are also children who through illness or other causes have been retarded. They have to do poor work or fall into a lower grade. Through small classes and much individual assistance these children may be given such work as will enable them to keep up with their class.

This plan has been in operation in a great many schools and has been successful wherever tried.

All of the children who were in the school last year have applied for places next year. Parents who wish their children to have the special advantages offered by the training school in the Kindergarten or first primary grade or in the special classes or any of the grades already formed should make application at once as reservations will be made in order of receipt of application.

Send applications by mail giving name of child, approximate grade name of parent and street address, to

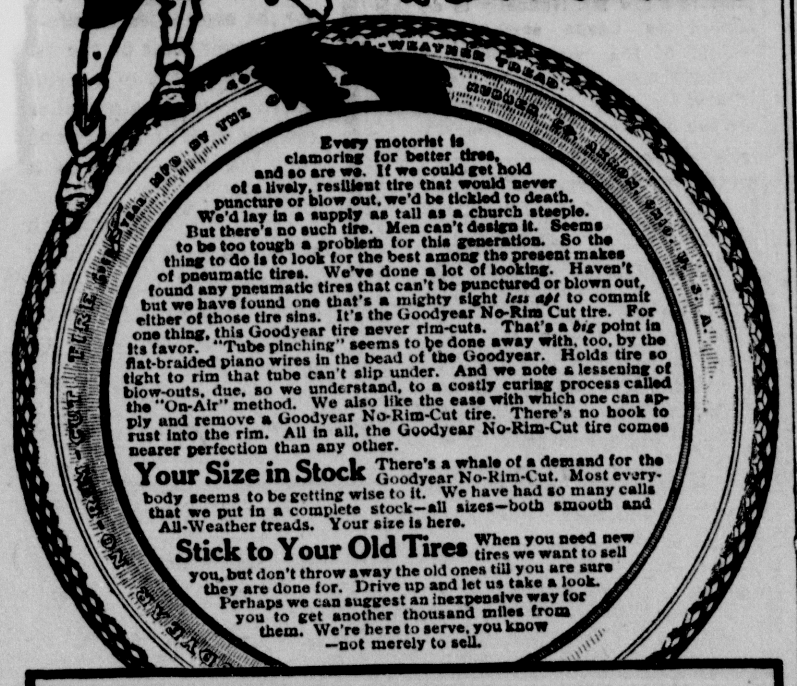
We're Preaching the Gospel of Better Tires



Every motorist is clamoring for better tires, and so are we. If we could get hold of a lively, resilient tire that would never puncture or blow out, we'd be tickled to death. We'd lay in a supply as tall as a church steeple. But there's no such tire. Men can't design it. Seems to be too tough a problem for this generation. So the thing to do is to look for the best among the present makes of pneumatic tires. We've done a lot of looking. Haven't found any pneumatic tires that can't be punctured or blown out, but we have found one that's a mighty sight *less apt* to commit either of those tire sins. It's the Goodyear No-Rim Cut tire. For one thing, this Goodyear tire never rim-cuts. That's a *big* point in its favor. "Tube pinching" seems to be done away with, too, by the flat-braided piano wires in the bead of the Goodyear. Holds tire so tight to rim that tube can't slip under. And we note a lessening of blow-outs, due, so we understand, to a costly curing process called the "On-Air" method. We also like the ease with which one can apply and remove a Goodyear No-Rim-Cut tire. There's no hook to rust into the rim. All in all, the Goodyear No-Rim-Cut tire comes nearer perfection than any other.

Your Size in Stock There's a whale of a demand for the Goodyear No-Rim-Cut. Most everybody seems to be getting wise to it. We have had so many calls that we put in a complete stock—all sizes—both smooth and All-Weather treads. Your size is here.

Stick to Your Old Tires When you need new tires we want to sell you, but don't throw away the old ones till you are sure they are done for. Drive up and let us take a look. Perhaps we can suggest an inexpensive way for you to get another thousand miles from them. We're here to serve, you know —not merely to sell.

Sues Railroad.

John B. Nunnelly filed suit Saturday afternoon against the C., B. & Q. railroad for an alleged undue shrinkage on a car load of cattle which he shipped to Kansas City.

The petition states it was a part of the agreement between the plaintiff and the defendant that the cattle should be removed from the train at St. Joseph and be watered and fed. Failure on the part of the railroad company to allow Mr. Nunnelly to do this caused an undue shrinkage in the weight of the cattle, wherefore Mr. Nunnelly asks damages to the extent of $164.86. Cook, Cummins & Dawson are the attorneys for the plaintiff.

EFFORT AND REWARD

It is a fundamental law of nature that reward comes in direct ratio to effort.

Man would accomplish very little in this world if things were given to him. As it is, most men work just for the necessities of life—they never think of the future or even try to provide for their own comfort, when old age shall at last cut off their earning power, as it surely will.

Don't be content with what you have been doing; or with what others have done. Try to save more. Open an account with us today.

HOME COMING DAY

FOR THE FIRST BAPTIST CHURCH NEXT SUNDAY.

BASKET DINNER AT NOON

Dr. Trickett of St. Joseph to Speak—To Burn the Notes of the Church Debt, Which Has Been Paid.

The congregation of the First Baptist church is to hold its annual Home Coming Day next Sunday and one of the most interesting parts of the service is to be the burning of the notes of the church debt which has recently been paid in full.

Every member of the church and many visitors will be there to join in the service which will begin with the regular Sunday school followed by the preaching service. The date marks the close of a year's pastorate for the Rev. Lewis M. Hale and in his sermon will outline the coming year's work.

A basket dinner will be served at noon and beginning at 1:30 the afternoon program will open with roll call and reports of the past year's work and finances. Then will open the laymen's meeting when short talks on vital topics will be given by Senator Anderson Craig, W. M. Westbrook, Mrs. Eugene Ogden and Mrs. J. F. Owen. A vocal duet will be given by Mrs. Westbrook and Miss Hazel Everhart and there will be other music.

The feature of the afternoon session will be an address on "The Possibilities of the Laymen" by Joseph P. Trickett of St. Joseph. Mr. Trickett made a talk to the congregation several months ago and all will be delighted with the opportunity of hearing him again. The meeting will close with the ceremonial of disposing of the old church debt.

NEW TEACHER FOR NORMAL.

Henry A. Foster of Chicago Comes to the School to the History Department.

Henry A. Foster of Chicago, Ill., has been employed by the Maryville State Normal school for the coming year.

Mr. Foster has had several years of teaching experience in colleges and public high schools.

Miss Ferne Suckow is a new employe in the office of the Alderman-Yehle dry goods store, beginning work this morning.

WATER SERVICE

WILL BE HAD FOR ALL DAY, COMMENCING WEDNESDAY.

THE SANDPOINT SYSTEM

Will Furnish Sufficient Supply for Maryville in the Opinion of Mr. Hockerinsmith.

The board of public works announces this afternoon that all-day service of water will be had, commencing Wednesday. A gain has been made in the reservoir, and then with the sandpoint system, the water supply, it is thought, will be sufficient.

Maryville will have all day water service again Wednesday. Such is the opinion of D. Hockerinsmith of Stanberry, the water man for the Wabash, who is in the city today driving the sandpoints. Mr. Hockerinsmith said that there was plenty of water at the place where the sandpoint system would be and he is very confident that there is sufficient for Maryville.

Mr. Hockerinsmith with City Engineer Flynt is driving two of the sandpoints this afternoon. The pipe for these two are already laid. More sandpoints will be driven tomorrow and probably by Wednesday, water will be pumped into the reservoir.

The rain of Monday morning which amounted to an inch and a quarter hasn't helped the river any, says Superintendent L. A. Denny. The rain extended as far north as Creston and up to noon today no rise had been noticed in the river. However, Mr. Denny is of the opinion that it will help as several of the creeks and ditches were bank full this morning.

The rain was pretty general over the county. With last night's rain the total waterfall for August was 2.19 inches.

St. Joseph Guests Here.

Mr. and Mrs. John Koch and daughter, Katherine, of St. Joseph, arrived in the city Saturday to visit at the home of Mr. and Mrs. Sam Townsend. Mr. Koch returned to St. Joseph this morning and his family will spend the week attending the fair.

Home From Western Trip.

HOME-COMING DAY.

At the Buchanan Street Methodist Church Sunday—The Yearly Report of the Church.

Sunday was a most enjoyable day for the members of the Buchanan Street M. E. church, as special services were held, being the last Sunday of this conference year. Dr. Paul H. Linn, president of Central college of Fayette, Mo., and a former pastor of the church here, occupied the pulpit during the morning hour and talked on the significance and the place of the church and denominational school. A subscription for Central college was taken, the church here being assessed $650, and at the service yesterday morning about $750 was raised. An eastern millionaire has subscribed a large amount of money to the school, provided the school raises approximately three times that amount. Mr. Linn is engaged in the work of raising this money.

After the morning service a basket dinner was served on the lawn of Henry Thorp's residence, at which about 100 people were present. After the dinner the report of the church work was made by the pastor, Rev. J. D. Randolph. He reported that in the last year there had been fifty-three additions to the church, and that he had made an average of two pastoral calls each day. During the two years that Rev. Randolph has been pastor of the church there have been eighty additions. In the afternoon Dr. Linn preached again.

THE PARNELL RACES.

A Good Crowd Witnessed the Events Saturday and Some Good Races Were Staged.

On account of the rain last Thursday night and Friday morning, the Parnell races were not held Friday, and on Saturday the two days' programs were combined into one. A splendid crowd witnessed a very excellent program of races. The farmer races, the pony and mule races and the running horses to buggies proved to be very exciting and unique.

The results of the principal races are as follows, with the exception of the farmer, pony and mule races, as we did not get the correct names or results of same:

In the ⅝-mile dash, Parnell inaugural purse of $150, Miss Sly, owned by Dr. J. W. Coakley of Creston, Ia., won from Mantauk, the good little bay horse from Tulsa, Okla. Lily White was third. The time was 1.03.

The second race, ⅜-mile dash for 2-year-olds, B. A. Jones was first, Atoka second and Bell T. third. Time 38 1-5.

The third race, ⅝-mile dash for purse of $125, was won by Deerfoot, owned by Mrs. R. M. Hollenbeck of Kansas City, Lasey Dear was second and Fay C. third. Time 1.04.

The fourth race of a half mile dash, Tonight was first, Lover's Lane second and Edith K. third. Time 51.

The fifth race was the Parnell booster business men's derby, distance 1 mile, and the entire purse was contributed by the live merchants of that town. Waldo, the favorite in the race, became lame in his last workout preparatory to the derby, but three high class fast ones faced Starter Stevens in this event and it was a pretty contest. Black Domino went to the front immediately from the start, closely followed by Oldsmobile and Ballencer, and retained the lead for 5½ furlongs, when Oldsmobile took the lead and Ballencer moved up. It was anybody's race, and Oldsmobile finally won, Ballencer second and Black Domino third.

There were four other contests, farmer, pony, buggy and mule races. The Bedford band furnished the music.

Many of the horses in the races at Parnell will take part in the race meet in this city this week.

DEATH OF JAMES SHRUBSHELL.

Was an English Soldier, Receiving Four Medals From the Government for Brave Deeds.

James Shrubshell, aged 80, an English soldier and the honored wearer of four medals for brave deeds given him by the British government, died last night at 7 o'clock at his home, 1022 East Fourth street.

The funeral services will be held tomorrow morning at 10 o'clock at the home, conducted by the Rev. Robert L. Finch, pastor of the First Christian church.

Mr. Shrubshell is survived by a wife and four children, who are Mrs. Lula Warden, Mrs. Maude Butler, Walter and Florence Shrubshell, all living in Maryville.

Mr. Shrubshell was born in Dover, England, where his father kept a nursery and greenhouse. He lived at home until he was 15, and then took up a seafaring life. From that time his life was full of adventure. He allied himself with the British navy, saw service at Singapore, Hong Kong, through the Crimean war, and participated in the battle when Canton was captured by the British.

Mr. Shrubshell had an honor of which few can boast, by being four times rewarded by his government for brave deeds. He was given four medals. One is that of the Legion of Honor, for his services at the battle of Inkerman, one for brave service in the Baltic cruise, one for service at Canton, and the fourth by the humane society of England for his heroic rescue of a boy in the Frith of Forth.

After he came to America, Mr. Shrubshell took up market gardening and followed that work as long as he was able. The family came to Maryville about fifteen years ago.

SUES TO CANCEL DEED OF TRUST.

Mrs. Mary Livasy Brings Action Against Joseph Jackson, Jr., and S. G. Gillam.

By a suit filed late Saturday afternoon by Mrs. Mary Livasy of Pickering against Joseph Jackson, Jr., and S. G. Gillam, Mrs. Livasy sues to have a note and a deed of trust cancelled, claiming they were secured by misrepresentation.

The petition states that some time before September, 1913, the plaintiff's son, Ross Livasy, forged the name of George Sweeny to a number of checks on the First National bank of this city, and that when the forgery was discovered and her son was arrested, defendant Joseph Jackson, Jr., represented to plaintiff that her son would be sent to the penitentiary for a long term of years unless she could repay to the bank the amount of the money which her son had obtained on the forged checks. The petition claims that the plaintiff gave her note for $1,250, payable to Joseph Jackson, Jr., and it was secured by a deed of trust for sixty-two acres of land near Pickering and that defendant S. G. Gillam is trustee in said deed of trust.

The plaintiff also alleges that her son pleaded guilty and was sentenced to the penitentiary for five years, and that the criminal judge of the Buchanan county circuit court refused to parole him, and the prosecuting attorney refused to recommend one, and he is now in the state penitentiary at Jefferson City.

The case will come up at the September term of court.

Thompson & Griswold of St. Joseph are the attorneys for Mrs. Livasy.

The State Normal School Announces the Opening of its Fall Quarter for

Tuesday, September 15th, 1914

To Patrons of the Training School:—

The Faculty of the Department of Education and Training which has charge of the Training School is fully organized for the coming year. Mr. M. G. Neale will have general charge as Director. Miss Mildred Miller, a graduate of Teachers College, New York, has been secured as Supervisor of Kindergarten—Primary grades. All supervisors of 1913-1914 have been retained and plans are being made to expand the work and make it more efficient. A well equipped modern play ground will be provided as well as additional opportunities for gymnasium work. The library will be improved and definite work in library reading will be a part of the course in grade work in English.

The Student-Teachers are to be organized into a training school faculty with the same problems to be met and disposed of as in any up-to-date public school.

Because of these increased facilities and because of the greater emphasis every year upon education for the special needs of the child, opportunity will be afforded for ungraded classes in which children may go very rapidly or very slowly. Many children are able to do more work than the regular assignments and for these children the usual course of eight full years is a serious waste of time.

There are also children who through illness or other causes have been retarded. They have to do poor work or fall into a lower grade. Through small classes and much individual assistance these children may be given such work as will enable them to keep up with their class.

This plan has been in operation in a great many schools and has been successful wherever tried.

All of the children who were in the school last year have applied for places next year. Parents who wish their children to have the special advantages offered by the training school in the Kindergarten or first primary grade or in the special classes or any of the grades already formed should make application at once as reservations will be made in order of receipt of application.

Send applications by mail giving name of child, approximate grade name of parent and street address, to

We're Preaching the Gospel of Better Tires
Every motorist is clamoring for better tires, and so are we. If we could get hold of a lively, resilient tire that would never puncture or blow out, we'd be tickled to death. We'd lay in a supply as tall as a church steeple. But there's no such tire. Men can't design it. Seems to be too tough a problem for this generation. So the thing to do is to look for the best among the present makes of pneumatic tires. We've done a lot of looking. Haven't found any pneumatic tires that can't be punctured or blown out, but we have found one that's a mighty sight less apt to commit either of those tire sins. It's the Goodyear No-Rim Cut tire. For one thing, this Goodyear tire never rim-cuts. That's a big point in its favor. "Tube pinching" seems to be done away with, too, by the flat-braided piano wires in the bead of the Goodyear. Holds tire so tight to rim that tube can't slip under. And we note a lessening of blow-outs, due, so we understand, to a costly curing process called the "On-Air" method. We also like the ease with which one can apply and remove a Goodyear No-Rim-Cut tire. There's no hook to rust into the rim. All in all, the Goodyear No-Rim-Cut tire comes nearer perfection than any other.
Your Size in Stock There's a whale of a demand for the Goodyear No-Rim-Cut. Most everybody seems to be getting wise to it. We have had so many calls that we put in a complete stock—all sizes—both smooth and All-Weather treads. Your size is here.
Stick to Your Old Tires When you need new tires we want to sell you, but don't throw away the old ones till you are sure they are done for. Drive up and let us take a look. Perhaps we can suggest an inexpensive way for you to get another thousand miles from them. We're here to serve, you know —not merely to sell.

Sues Railroad.

John B. Nunnelly filed suit Saturday afternoon against the C., B. & Q. railroad for an alleged undue shrinkage on a car load of cattle which he shipped to Kansas City.

The petition states it was a part of the agreement between the plaintiff and the defendant that the cattle should be removed from the train at St. Joseph and be watered and fed. Failure on the part of the railroad company to allow Mr. Nunnelly to do this caused an undue shrinkage in the weight of the cattle, wherefore Mr. Nunnelly asks damages to the extent of $164.86. Cook, Cummins & Dawson are the attorneys for the plaintiff.

EFFORT AND REWARD

It is a fundamental law of nature that reward comes in direct ratio to effort.

Man would accomplish very little in this world if things were given to him. As it is, most men work just for the necessities of life—they never think of the future or even try to provide for their own comfort, when old age shall at last cut off their earning power, as it surely will.

Don't be content with what you have been doing; or with what others have done. Try to save more. Open an account with us today.
